GENERAL INFORMATION

The University announces as its summer policy readiness to organize courses for which a demand appears, either or both terms. Courses for which adequate registration does not appear will be withdrawn.

Brigham Young University is organized into the following colleges and divisions:

Graduate School
College of Applied Science
College of Arts and Sciences.
College of Commerce
College of Education
College of Fine Arts
Division of Religion
Research Division
Extension Division

There are forty-two regular departments of instruction. An elementary training school and a secondary training school are also maintained in connection with the College of Education. The University Library contains more than 141,000 volumes and 50,000 pamphlets and bulletins. Twenty-one special collections add strength to the general library. During the summer session the Library is open from 7:00 A. M. until 9 P. M. Numerous special scientific and art collections together with the museum supplement the special equipment of the University.

THE SUMMER QUARTER

The University offers many courses on a quarter basis only, and other courses are so coordinated that the work of the second session is a logical extension of the work of the first term. All college and graduate students are therefore urged to register in June for a quarter's work as they do for any other quarter of the year. However, in special cases it is possible to register for either term separately

Admission to the Summer Quarter does not automatically admit students to the succeeding Autumn

Quarter.

CAMPUS RESIDENCE HALLS

The University has ample housing facilities for summer school students. Allen Hall will be in service for 56 women and 26 men, with preference to non-veteran men. Wymount Dormitories will be in service for veteran men, non-veteran men, and for women. A number of University-owned co-operative houses will be available for women students. Knight Hall will be in service only for a succession of visiting groups participating in the summer quarter program.

All rooms in campus living units accommodate two persons comfortably. The cost of room and board for occupants of Allen Hall and Knight Hall is at the rate of \$110.00 for the eleven weeks on the basis of two persons per room. For the first term the cost is \$60.00. For the second term the cost is \$50.00. Board is not furnished to occupants of Wymount Dormitories, but is available at the cafeteria on the upper campus.

Applications for campus accommodations should be made early and sent directly to the Office of Student Housing, Brigham Young University. Regular application blanks will be sent on request, and should be returned to the Office of Student Housing, accompanied by a \$5.00 deposit, which should be sent in the form of check or money order. The University does not assume responsibility for currency sent in the mails.

OFF-CAMPUS LIVING ACCOMMODATIONS

The Office of Student Housing maintains a list of living accommodations off-campus. There is prospect of a considerable number of furnished rooms, and room and board. Board is obtainable at the University cafeteria and at other places. Apartments will be relatively scarce, but there will be a fair number available for the summer only.

Arrangements for off-campus housing must, of

course, be made in person.

SERVICES TO VETERANS

The University provides a full offering in representative vocational and occupational fields, thus permitting returned service men to meet occupational objectives and other programs under Public Laws 16 and 346. Courses are set up in all departments in such a way as to make continuous work through both summer terms easily possible. Students may thus earn credit for a full quarter's work during the summer session. The University is offering courses in all fields to meet the needs of students who wish to fill group requirements. Every effort will be made to help men make such adjustments as are necessary in order to fit next autumn into the regular student classification as freshmen, sophomores, juniors, or seniors.

The Veterans' Administration has a Counseling and Training Unit on the campus. This organization ensures advice and guidance for all returning veterans.

The University will help all veterans to secure ade-

quate housing.

RECREATION

Though summer school students naturally wish to earn credits, they are entitled to have some fun while they do it. For teachers and others whose regular work draws heavily upon health resources the matter of social contacts and physical relaxation is supremely important. Recreation occupies a large place in Brigham Young University summer sessions. A healthful balance between work and play is maintained. Concerts, socials, teas, and dances are regular parts of the summer school activity. A rich program of lectures, musicals, and entertainments supplement the academic work.

Throughout the summer there will be a wide opportunity for student participation in various intramural

sports activities for both men and women.

GYMNASIUMS

Both gymnasiums will be open for showers and activity purposes. Students using the towel service are required to make a twenty-five cent deposit, by purchasing a towel check. The towel check is exchangeable for towel service during regular school hours. Towel checks are redeemable at any time. Students registered for physical education activity courses are required to provide themselves with a basket locker, and an approved combination padlock. Padlocks may be rented from the department. Both gymnasiums will be available for recreational uses by summer school students at various hours during the day. Some types of equipment will be supplied, and supervision and assistance will be given in developing game techniques. Consult the bulletin boards in both gymnasiums for complete details.

1947 SUMMER SCHOOL RECREATION CALENDAR

- Thursday June 12, Get-acquainted Social. Recreation Building. 9 p. m. Informal. Summer school students and their friends are invited as guests of the school.
- Thursday, June 19, Dancing Party. 9 p. m. Informal. Smith Building.
- Saturday, June 21, trip to Timpanogos Cave, and Swim at Hot Pots.
- Thursday, June 26, Dancing Party. 9 p. m. Informal. Smith Building.

- Saturday, July 12, Thirty-sixth Annual Timpanogos Hike. Hike will start at 4 a. m. from Aspen Grove. All hikers reaching the Summit of Mt. Timpanogos will be presented the official Timpanogos Summit Club Badge. The hike will be part of the Utah Centennial Celebration.

Men students interested in playing Volley Ball are invited to meet in the Men's Gymnasium Tuesday and Thursday, 4:00 to 6:00 p. m.

Those interested in Softball will meet at the Stadium House Monday and Wednesday, 4:00 to 6:00 p. m.

Women students interested in recreational activities will note the schedule posted in the Women's Gymnasium.

Both gymnasiums are open daily for physical activity and use of the showers.

THE DIVISION OF RELIGION

Since experience in spiritual things and an appreciation of their deep significance in all human affairs is an essential part of the culture of every educated person, Brigham Young University makes the religious motive foundational to its entire program.

The Division of Religion presents a rich program for all persons who wish to pursue study of religion for general purposes, and for those who wish to teach in the Church seminaries and in all other Church organizations.

DEMONSTRATION CLASSES

Several grades in the elementary school are in regular session throughout the first term. These groups are taught daily by regular teachers of the Elementary Training School. Classes will be organized for (1) kindergarten, 1:00—3:00 p.m.; (2) first grade, 9:00—11:00 a.m.; (3) second and third grades, 9:00—11:00 a.m., and (4) fourth, fifth and sixth grades, 9:00—11:00 a.m. The work of these groups and their teachers may be observed daily by students who are registered in the Summer School.

CLASSES FOR HIGH SCHOOL PUPILS

The work in the high school classes will provide beginning and experienced teachers in secondary schools an unusual opportunity to observe actual learning and teaching situations. Opportunities for diagnostic analysis, and discussion of actual teaching problems and processes will be provided through these high school classes. In a limited number of cases, opportunity will be provided for experienced teachers to participate in the teaching of these classes under supervision; this constitutes an opportunity to secure advanced practice teaching or training in the summer.

It is possible for pupils of high school grade to attend the University High School from June 9 to July 18 and earn high school credit. In view of the present world conditions and of the needs of the high school student at this time several courses are offered.

Students who need only one or two units to complete high school graduation will find their needs served uniquely this summer in the University High School where courses for high school credit will be taught. Able students who are just short of high school graduation may under certain conditions be permitted to enter some college courses where their program demands it. Students take fewer courses in the summer than in the regular year, but more work outside the classroom is required.

WORKSHOP OF THE UTAH CONGRESS OF PARENTS AND TEACHERS

The Utah Congress of Parents and Teachers, through its committee on cooperation with colleges, will sponsor a workshop at Brigham Yung University July 7th-11th. The problem considered wille be "How To Identify Young People With Their Communities Through Work Experience and Community Service."

With the Congress of Parents and Teachers the

following organizations will participate:

State Department of Education University of Utah Utah State Agricultural College Brigham Young University Utah Educational Association School Districts of Utah Other educational organizations

It will be the purpose of the workshop to study the designated problem on the wide basis of community-school cooperation. Specific ways will be sought by

which students may participate in activities for community betterment. Also, opportunities will be canvassed for students to enter gainful employment and to learn the meaning of work and the value of money—thus becoming through work a part of the community The main agenda of the workshop will give attention to the part to be played by the home, school, church, service organizations, civic groups, industry, labor, agriculture, business and government agencies, etc., in specific concrete ways in meeting the needs of youth. Through panel discussions, special work-groups and the appearance of guest speakers, variety will be introduced in the program and wide opportunities will be provided for all delegates to participate fully.

Parent-teacher leaders in the Central Utah area will share with B. Y. U. the honor of being hosts, and of extending hospitality to the guests and delegates. The delegates will be selected from school districts throughout the State, and from the participating organizations and groups.

SUMMER MUSIC FESTIVAL

The Los Angeles Philharmonic Orchestra, under the musical directorship of Alfred Wallenstein, comes to the campus as an official Utah County Centennial Celebration. Eight appearances for this renowned orchestra have been arranged for.

The famous Roth Quartet returns for the ninth consecutive season to present a series of chamber music concerts. Frances Watkins, soprano; Carlos Alexander, baritone; and Carl Fuerstner, pianist, each a distinguished artist, are returning and will appear in concert.

Regularly enrolled students may attend these concerts without additional cost.

MUSIC CLINIC

A band clinic will be held from July 29 to August 10. High school and college students from Utah, Idaho, Wyoming, Colorado, Nevada and Arizona will participate in two weeks of concentrated musical activity, including band and orchestra rehearsals, sectional rehearsals, private lessons, ensemble playing and concerts. High school music teachers will receive courses in methods of teaching brass, woodwind and stringed instruments, music theory, and band and orchestra conducting, for which college credit will be granted.

For details concerning the clinic write to Dr. John R. Halliday, Conductor of Brigham Young University Band

and Director of the clinic.

THE GRADUATE SCHOOL

At Brigham Young University each College is an under-graduate organization that offers and administers the work that leads to a bachelor's degree. All work beyond that point, i. e., all graduate work falls in the Graduate School and is administered under the Council of the Graduate School. The active administrator is the Dean of the Graduate School. Under the Graduate Council fall all courses that are offered for graduate credit, the amount of credit, the student's registration, his completion of requirements, his thesis, and his admission to candidacy for any advanced degree.

Two higher degrees are offered: the Master of Arts degree, provided the candidate meets the foreign language requirements for the Bachelor of Arts degree; and the Master of Science degree. Three full quarters of work above the bachelor's degree ordinarily permits the student to complete the requirements. Under proper programming of work with the department concerned and with the graduate school, the requirements can be met

in three full summer quarters.

The Summer Quarter offers an especially good opportunity for graduate students to pursue their studies and to make progress on theses. Deans, heads of departments, major professors and other members of the regular University faculty are available during the summer session to guide students in formulating graduate programs and to assist in their proper completion. A special effort is made in the summer to assist graduate students who teach during the regular year to select and define problems appropriate for thesis work and to devise suitable procedures for the solution of these problems. Pertinent courses of instruction in the principles of scientific study and the procedures of thesis writing are given.

FEES FOR THE SUMMER QUARTER

In the Summer Quarter students may register for the Quarter, for the First Term of six weeks only, or for the Second Term only. If a student registers for a combination of full quarter classes and one term classes it will be necessary to combine fees accordingly. (If the full quarter classes total more than four credit hours each term, the regular two-term fee will be charged. The special rate applies to registrations of four hours or less each term).

Regular College and Graduate Students:

	Two Terms		Second Term
Registration	. 6.50	\$20.00 5.50 .50	1.00
	\$42.50	\$26.00	\$21.50
